Introduction

The Summary of Airport Charges provides information on fees and charges established and levied by the Airport Commission for the use of the San Francisco International Airport.

This booklet provides airlines, aviation support service providers, transportation operators, and other tenants with a description of the charges to which they may be subject. This booklet will also serve Airport staff as a comprehensive reference document by assembling in one source the fees, charges, and rates currently in effect.

While the Summary of Airport Charges attempts to describe current rates for the major charges established and levied by the Airport Commission, it is not intended to be all-inclusive. Many Airport Commission charges are incorporated in tenant leases that are fixed until renegotiated or adjusted periodically, in accordance with specific lease terms.

The language used in this booklet to describe the various fees and charges is intended to be informative only. It is not intended to provide definitions and terms for each fee type that would carry the weight of law. The Airport Commission and the City of San Francisco may not be held liable for an interpretation of charges based on this booklet.

Fees, charges, and rates contained herein are effective July 1, 2018 unless noted otherwise, but may change at any time without notice and may have changed since the publication of this booklet. Please contact San Francisco International Airport Finance Division with any questions on airport charges.

Legal Authority Reference

The fees, charges, and rates contained herein were approved by the Airport Commission on May 15, 2018 under Resolution 18-0144, and were calculated in accordance with the policies and procedures of the Commission and certain agreements between the Commission and various users of the Airport, including the 2011 Lease and Use Agreement.

	<u>Rental Rate</u>

Office Only Rate (Not in conjunction with warehouse rental)	22.23

Customs Cargo Facility—Annual Airline Fee

This is an annual fee to be collected from airlines using the United States Customs Service (USCS) on-Airport facility for clearance of international cargo shipments into the United States. The amount of the fee will be determined annually to cover facility rent and recovery of the Airport's tenant-improvement costs and operating and maintenance costs associated with housing this function in West Field Cargo Building 1. The Customs Cargo Facility fee will be billed monthly to each airline based on its pro-rata share of USCS transaction data reported to the Airport by USCS.

Terminal Area Charges

Airline Terminal Rental Rates

The rental rate of exclusive use space varies by category of space.

<u>Category</u>	<u>Description</u>

When non-airline terminal rental revenue together with the Groundside Area deficit is insufficient to cover the cost of the terminal area public space, a surcharge is added to the airline base terminal rental rate so that 50% of the net cost will be paid from airline terminal rentals (the other 50% is paid through a landing fee surcharge).

The annual rental rates by category of space are:

<u>Category</u>	<u>Total Rate per Sq. Ft.</u>

1. Applicable total charges are based on the five categories of rental space defined herein under Airline Terminal Rental Rates, Section I, Exclusive Use Space.
2. Twenty percent (20%) of the applicable total charges for joint use space (rent plus any other charges or credits) is divided equally among the airlines that use the space.

3. The remaining eighty percent (80%) of applicable total charges or credits is divided among those airlines using the space based on each user airline's share of enplaning (and/or deplaning, as appropriate) passengers proportionate to the total number of enplaning (and/or deplaning, as appropriate) passengers during the May 2016 through April 2017 timeframe.
4. Charter operators, seasonal carriers, and those airlines that are exclusively handled by Signatory carriers will be billed through the sponsoring Signatory airlines.
