Request for Movement Area Operators Testing/Privilege
(To be completed by the Authorized Signer)

Complete the form below, filling in all requested fields. For additional information regarding Movement Area Access please review the Movement Area Access, Badging, Testing and Training Airport Operations Bulletin and SFIA Rules and Regulations.

By signing this form the Authorized Signer and attendee affirm that the employee has received and successfully passed Movement Area Operator (MAO) trainingⁱ conducted by their employer, and is authorized to receive Movement Area Training and Testing conducted by SFO. If an applicant fails the MAO test attendee must receive retraining by their company prior to being re-registered. It is at the discretion of the Airport to re-issue the test, request proof of internal company training or deny endorsement.

ⁱ All tenants must provide their staff with movement area and airport familiarization training prior to scheduling with Airfield Operations. It is expected that tenants will use their current training program that has been approved by and is on file with Airfield Operations. The training and testing provided by SFO is mandated by the FAA but is only meant to supplement a tenant's own internal training, and not to be the sole source of training on this subject.
